Greenville Aquatics & Fitness Center PRIVATE SWIM LESSONS

Program Description

At Greenville Aquatics & Fitness Center, learning to swim has never been easier. There are many reasons why Private Swim Lessons may be best for you or your child: Hectic schedule, skill plateau, special upcoming events, or maybe just the preference to work one-on-one with an instructor. Whatever the reason, our Certified Swim Instructors can set up an efficient and comfortable plan to meet your needs.

Don't just take our word for it...

"My six year old has been terrified of water for years. We have tried classes in another town before but he was just looked over. So we started private lessons at GAFC a few weeks ago, and although he cried the first lesson, he is now volunteering to get into the water! He is so excited to see his instructor on Mondays and is so proud that he can go into the water without touching the wall. He is taking baby steps, but I am confident he will be swimming on his own by summer."

- Karin W.

Program Info

Private Instruction Fees:

\$30 per hour, \$20 per hour for Members

Most swim lessons are 30 minutes in length dependent on swimmer skill, endurance, and age. All lessons must be paid for in advance. Lesson cancellations must take place at least 12 hours prior to scheduled meeting. Failure to do so will result in charge for scheduled lesson.

3 Easy Steps:

- Request a private Swim Instructor at GAFC.
All we need is contact information, age, and schedule preference.
- The Instructor will contact you and schedule your first meeting.
All scheduling is handled directly with the swim instructor, ensuring convenience for everyone.
- Meet with the instructor for skill assessment and to discuss expectations and further scheduling.
Set up a customized lesson plan that meets your specific needs!

Swim Lessons are conducted by Certified Water Safety Instructors. We work with participants to ensure measurable progress during the swim session. For more information please call 252-329-4041.
